

Type and Change

Myers-Briggs Type Indicator® (MBTI®) Master Class Series workshops are designed for certified practitioners who wish to deepen their understanding of type theory and its practical application.

- Why are some people excited by change while others find it overwhelming and draining?
- Why do some people want to jump into implementation while others want to reflect and think it through first?
- Why do some people want to know the details, specifics and steps involved in the change while others want only the big picture and long term goals
- Why do some people focus on the tasks to be done while others focus on the effects on and the needs of the people involved?
- Why do some people want plans with timelines while others want flexibility and fun?

The focus of this workshop is to provide practitioners with type-related exercises, tools and insights which can be applied in change management programs.

You will learn to:

Understand the impact of change

Consider MBTI® preferences within the context of organizational change

Understand reactions to loss and grief

Work with resistance to change using type

Use group exercises for change programs

Apply type theory to effectively manage organizational change

Other MBTI® Master Class Workshops

- Adv. Applications
- Type and Coaching
- Type and Conflict
